ABOUT ME

Highly skilled and dedicated website developer with over 2 years of experience in web development. Seeking a challenging position to utilize my expertise in HTML, CSS, Bootstrap, Javascript, AJAX, jQuery, PHP, Laravel, Lumen, Node JS, Vue JS, Angular Typescript and MySQL database to create dynamic and user-friendly websites. Seeking opportunities to leverage analysis, problem-solving, complex algorithms, and website development experience in a challenging role as a full-stack developer.

EXPERIENCE

Full-stack Web Developer

IFormatlogic I.T. Solutions

- Developed and maintained dynamic websites using HTML, CSS, Bootstrap, Javascript, AJAX, jQuery, PHP, Laravel and MySQL database.
- Collaborated with clients, project manager, and colleagues to gather requirements and translate them into technical specifications.
- Used Git version control system.
- Documented the code during development to ensure maintainability.
- Designed and implemented responsive web layouts to ensure optimal user experience across devices.
- Implemented effective database management strategies, ensuring efficient data retrieval and storage.
- Integrated APIs for internal services
- Integrated third-party RESTful APIs using Laravel to retrieve and manipulate data from external sources.
- Conducted thorough testing and debugging to identify and resolve issues promptly.
- Deployed websites to hosting servers using FTP or Putty.
- Collaborated with the design team to ensure consistent branding and visual aesthetics.
- Provided technical support and training to clients and end-users.
- Fixed any defects and performance problems discovered during testing
- Completed projects within deadlines and delivered high-quality code.
